

TWO THOUSAND SEVEN

# 2007

## **Introducing the 2007 line of Diamondback / DBR bicycles.**

It's hard to believe that it's already been a year since we introduced our 2006 line of Diamondback / DBR bicycles. The time has been short, but we've made good use of it by improving upon existing models (that were already great to begin with) and by coming up with some incredible new ones too. Bikes for specific purposes and places, for people like you - with specific needs and desires.

We welcome you now to take a look at our 2007 line. You'll see that each model is a statement of our commitment to our customers - bicycle riders of all types and ages who are serious about riding, making the most of life and having fun. Whether you're a rider who enjoys stopping to smell the flowers or you prefer jumping over them or riding past them so quickly they become nothing more than a streak of color in your peripheral vision, there's a good chance we've got the right bike for you within the following pages.

## All Mountain

It is with great pride that we introduce the all new Mission. The Mission is a bike that puts the 'all' in 'all mountain' and the 'mountain' back in 'mountain bike'. It is an incredibly versatile, nimble, efficient and stable all-mountain bike with 6 silky-smooth inches of terrain-initiated travel. The Mission is a true all mountain bike with no bias

for type of mountain riding or direction it goes. Its efficient Knuckle Box suspension design coupled to a Fox shock allows it to climb like a goat and descend with the same confidence and stability as its 6 inches of travel come to life. Its extremely low center of gravity make it very stable. Whether it's creeping through the most technical section

on the trail, climbing or railing wide open through flowy single track – the Mission is one bike that does it all. The Mission is a three bike series that are all built on the same lightweight, efficient, and torsionally rigid frame platform. They all suit your all-mountain riding needs; find the one that also suits your budget and let the good times roll.

## The Diamondback Mission

For the Diamondback Design Team, MISSION was more than a model name – they were literally on a “mission” to create a new dual-suspension design that would put Diamondback back at the forefront of mountain bike design – MISSION accomplished!

At the heart of the new MISSION is the Knuckle Box bell-crank. With its compact design and welded uni-body construction, the Knuckle Box ties the rear suspension together, cradles and guards the FOX air suspension unit while providing a smooth near-linear leverage ratio through the entire six inches of travel. It also gives the MISSION a lower center of gravity than most all-mountain designs. The Knuckle Box is truly the “heart” of the design.

If the Knuckle Box is the heart, then the MISSION’s front triangle is the backbone. The low-slung “hooded” top tube wraps and reinforces the head tube and provides more stand over clearance, and an uninterrupted seat tube that eliminates the need to cut seat posts the MISSION front triangle is strong, light and stiff.

The MISSION’s rear end features chain stays joined with a CNC’d yoke, a seat stay assembly reinforced with a unique inverse arch bridge, and press fit sealed bearings at all pivot locations. By joining these assemblies to the MISSION front triangle and Knuckle Box, the Diamondback Design Team has created a six-inch travel all-mountain bike with a low center of gravity, plenty of stand over clearance, and a ride quality that magazine test editors have described as “awesome, nimble” and “just plain fun”! We couldn’t have said it better ourselves.

### All Mountain *continued*

Our XSL and Coil all mountain bikes are without question some of the most versatile and functional mountain bikes available. They are bikes made for true adventures and adventurers – who need one bike they can ride the whole mountain with. Each XSL features a butted frame with tapered seat stays, sealed bearing pivots and 4.5

/ 5" travel options. The completely redesigned Coil EX offers 4.5" of travel, "Strongbox" top / down tubes and sealed bearing pivots. Both the XSL models and the more practical Coil EX are nicely equipped with smooth-operating reliable components from brands you can trust.

## XSL Trail ALL MOUNTAIN

- XSL 7005 All-Mountain 5" Frame, Sealed Bearing Pivots, Extruded CNC Machined Seat Mast & Integrated Headset Head Tube
- Marzocchi MX-PRO 120mm Fork
- Fox Float Air Rear Shock
- Avid Mechanical Disc Brakes

- Truvativ Blaze Crankset w/ 44/32/22t Rings & Powerspline Sealed Bottom Bracket
- Sram SX-5 9-spd Trigger Shifters
- Sram X-7 9-spd Rear Derailleur
- Easton EA30 Stem / Seat Post

**Sizes:** SM (16"), MD (18"), LG (20")

**Color:** Metallic Black (M)

## XSL ALL MOUNTAIN

- XSL 7005 All-Mountain 5" Frame, Sealed Bearing Pivots, Extruded CNC Machined Seat Mast & Integrated Headset Head Tube
- Rockshox Dart 1 120mm Fork
- Hayes HMX-4 Mechanical Disc Brakes
- Truvativ X Flow Crankset w/ Sealed Bottom Bracket
- Shimano Deore Rear Derailleur
- Weinmann XTB-26 Double Wall Rims
- WTB Pure V Comp Saddle

Sizes: SM (16"), MD (18"), LG (20")

Color: Race Blue (M)

## Coil Ex ALL MOUNTAIN

- Coil EX “Strongbox” Top / Down Tube All-Mountain Frame w/ 4.5” travel & Sealed Bearing Pivots
- SR XCT 75mm Suspension Fork
- Weinmann XTB-24 Double Wall Rims
- Promax 320 Mechanical Disc Brakes

- SR Crankset w/ Sealed Bearing Bottom Bracket
- Shimano EF-50 8-spd EZ-Fire Shifters / Shimano Derailleurs
- Kenda “Big Casing” 26x2.1 Klaw Tires
- WTB Pure V Comp Saddle

**Sizes:** SM (16”), MD (18”), LG (20”)

**Colors:** Nickel (M)

The redesigned Coil Ex frame is crafted with heat-treated 6061 aluminum and features our “Strongbox” design.

## Dirt Jumping Hardtail

A perfect blend of Mountain and BMX influence make the 2007 Assault ideal for any urban street mission or session at the trails. We've combined the disc brake, front suspension and big wheels of a mountain bike with the geometry, smooth-rolling tires, platform pedals and barspin-friendly cable routing of a BMX bike to provide

you with the most capable and versatile street, park and trail bike imaginable. A little bit country, a little bit rock and roll and a whole lot of fun.

## Assault DIRT JUMPING HARDTAIL

- Assault 6061 T-6 Aluminum Dirt Jump Hard Tail Frame w/ "Strongbox" Top and Down Tubes, Adjustable Horizontal Disc Drop-out. Forged CNC Yoke
- Marzocchi Dirt Jumper 3 RV 100mm Suspension Fork w/ 32mm O.D. Alloy Stanchions

- HAYES HMX-2 Mechanical Rear Disc Brake w/ V-6 rotor
- Sun MTX S-Type Double Wall Rims
- Truvativ Hussefelt 34t Single Chainring w/Bash Guard / Howitzer BB
- KENDA 26x2.35 Small Block 8 Front tire / K-RAD 26x3.00 Rear
- DB Jump Saddle with Abrasion resistant sides

**Size:** MD (14.5") Actual Top Tube 22"

**Color:** Sand (M)

The redesigned Assault frame is crafted with heat-treated 7005 aluminum and features our "Strongbox" design.

## All Mountain Hardtail

Our Response bikes combine the perfect blend of hardtail performance with rugged utility to form a series of ideal hardtail all-purpose trail bikes. Each Response is built on the same dependable frame that features our “Strongbox” top and down tubes and heat-treated 6061 T-6 aluminum. If a solid and dependable hardtail all mountain

bike is what you’re after, choose the Response or the disc brake-equipped Response Sport or Comp.

## Response Comp ALL MOUNTAIN HARDTAIL

- Response Comp 6061 T-6 Aluminum All Mountain Hard Tail Frame w/ "Strongbox" Top / Down Tubes
- Marzocchi MZ-Comp 120mm Suspension Fork w/ 30mm O.D. Stanchions
- Avid BB5 Mechanical Disc Brakes w/ Avid FR5 Levers

- Sram SX.5 9-spd Trigger Shifters
- Sram SX-7 Rear Derailleur / X-7 Front Derailleur
- Sun Ditchwitch Double Wall Rims
- Kenda "Big Casing" 26x2.1 Klaw Tires
- WTB Pure V Comp Saddle

**Sizes:** SM (16"), MD (18"), LG (20"), XL (22")

**Color:** Pluto Gold (M)

All Response Series frames are crafted with heat-treated 6061 aluminum and features our "Strongbox" design.

## Response Sport ALL MOUNTAIN HARDTAIL

- Response Sport 6061 T-6 Aluminum All Mountain Hard Tail Frame w/ "Strongbox" Top / Down Tubes
- RST Gila Plus T7 120mm Suspension Fork w/ 30mm O.D. Stanchions
- Hayes HMX-4 Mechanical Disc Brakes

- Truvativ X Flow Cranks / Sealed Bottom Bracket
- Shimano EF-29 8-spd Rapid Fire Shifters / Alivio Rear Derailleur
- Weinmann XTB-26 Double Wall Rims
- Kenda "Big Casing" 26x2.1 Klaw Tires
- WTB Pure V Comp Saddle

**Sizes:** XS (14"), SM (16"), MD (18"), LG (20"), XL (22")

**Colors:** Gang Green (M), Pluto Silver (M)

## Mountain Recreation

You know what you're after. You're simple, practical and resourceful, and so are the things you buy. You like nice things but you want to be sure that your purchases meet your needs and are just what you want; no more and definitely no less. If you can identify with these things, then we recommend you identify one of our Mountain

Recreation models as your next mountain bike. Our Topanga, Sorrento, Peak and Outlook models have been setting the standard for entry-level mountain bikes for years. Whether you're after the perfect campsite cruiser, a reliable bike for a fun fitness ride in the hills or just a ride to class; we've got the right bike for you.

## DBR Road

In only its second year on the road, our series of podium-topping DBR Podium road bikes has already made a name for itself. The series is made up of National Championship- winning bikes that have become those of choice for some of the most discriminate racers and enthusiasts on the road. The word “rocket” has been used by

many to describe the performance and acceleration of the top-of-the-line full carbon Podium 5. From the custom butted Podium 1 to the full UD carbon 4 and 5, each Podium was designed to win races. Whether you’re racing for bragging rights or a national championship - put your money on a DBR Podium. The best way to increase your

odds of finishing each race atop a podium is to start on one.

## First Rate Mortgage Team

Diamondback Racing proudly sponsors the First Rate Mortgage Cycling Team, based right here in Seattle, Washington. With over 50 team members - men and women racing in all categories and various age groups from juniors to 65+, the team is a real asset to the Diamondback Racing Product Team.

Featuring multi-national champion Kenny Williams, along with Franz Hammer, Annette Hanson and Martha Walsh - who have also won multiple championships at master's road and track nationals - the team has had great success on their DBR Podiums at the local, state, regional and national level winning two titles at the 2006 National Championships held in New York.

Kenny Williams taking the win at the

## S.L.I.M. Carbon Technology

S.L.I.M. or Specific Lay-up Interwoven Monocoque uses unique lay-up schedule that carefully places and aligns the carbon pre-preg sheets exactly where they are needed for optimum frame strength and stiffness while maintaining the lowest possible frame weight. The result - a carbon frame that is light enough for the toughest climbs with optimal drive train stiffness and superior vibration damping to keep the rider fresh for the final sprint. And the proof - multiple National Championships. The S.L.I.M. Carbon Technology is produced exclusively for the Diamondback "DBR" Podium 4 and Podium 5.

### Women's Specific DBR Road

For the many women who haven't been able to make that "shrank and pinked" men's road bike fit the way they want, we offer the all-new women's specific Diamondback Zelos. The Zelos is the result of countless hours of development. With the help and input of a panel of some of the most discriminating women road racers and riders

around, we were able to create a bike that performs, rides and fits the way women want it to. The Zelos features a custom butted 7005 series aluminum women's specific frame, a carbon fork and a myriad of women's specific parts that includes a Diamondback gel saddle. For a no nonsense / no compromise women's specific performance

road bike, try on the all-new Zelos for size.

New  
2017

## Zelos WOMEN'S SPECIFIC DBR ROAD

- Zelos Women's Specific 7005 Aluminum Frame w/Custom Butted Main Frame
- Podium Carbon Fork
- Shimano Sora 8-spd STI Shifter / Brake Levers w/ Adjustable Reach, Tiagra Rear Derailleur

- FSA RPM Triple Crankset w/ 52/42/30t rings
- DBR 3D Race Stem
- Women's Specific Alloy 31.8 Road Bar
- DBR Women's Specific Race Saddle
- Michelin Dynamic 700x23c Tires

**Color:** Silver/ Pearl White (W)

W! is emblematic of women's enthusiasm for cycling, embracing their athleticism and who they are as women.

## Flat Bar Road

There's just nothing like a flat bar road bike to help you increase the amount of fun, health and fitness in your life while you decrease stress, your impact on the environment and the amount of money you spend on gas. Our Century and all-new women's specific Kalos flat bar road bikes can help you accomplish all of these things and

more. The Century and Kalos provide you with the speed and performance of a road bike, but with comfortable and wide flat handlebars. The flat bars keep you in a more upright position than a traditional road bike - to better see down the road and enable you to quickly and comfortably maneuver around any obstacles or obstructions

that may lie ahead. Whether you're commuting, doing charity / benefit rides, weekend group rides with friends or all of the above - the Century or all-new Kalos are just what you need.

New  
2007

## Kalos WOMEN'S SPECIFIC FLAT BAR ROAD

- Women's Specific Kalos Heat Treated Double Butted Aluminum Touring Frame w/ Replaceable Derailleur Hanger

WA is emblematic of women's enthusiasm for cycling, embracing their athleticism and who they are as women.

## Commuter

If your commute involves a car and a latte, you probably count on sitting in traffic. Fortunately, you can also count on the all-new Transporter to be a great 'vehicle' to get you around the traffic and to your destination. The Transporter provides you with performance, reliability and utility and comes equipped with accessories every

commuter needs, from the full fender set to keep you dry to the bell to let others know you're passing them up. Take a Transporter on your next commute to begin spending more time feeling better and less money on gas.

## Comfort

Need a fun and relaxing way to get exercise and enjoy the outdoors but think riding a bike sounds too harsh or like too much work? Try riding a Diamondback comfort bike. Most bicycles are designed for dirt, pavement or rocky downhill. Diamondback comfort bikes are designed for you. From the comfort saddle mounted atop a

plush suspension seatpost, to the soft anatomic handle-grips and adjustable stem - everything on these bikes was designed with your comfort in mind. The line features a wide selection of bikes including the Wildwood tandem.

## Wildwood Deluxe COMFORT

## Cruiser

When it comes to free-wheeling fun in the sun, nothing gets the good times rolling like a Della Cruz beach cruiser. From the stylishly sensible base Della Cruz to the stretched Della Cruz 1.0 and the sophisticated Della Cruz 2.0 – we’ve got you covered for cruisers. Every Della Cruz beach cruiser features rust-proof aluminum rims

/ stainless steel spokes, custom springer saddles and many other custom touches that make each one unique. While they’re all stylish, they’re also very functional too. The saddle is positioned so it’s very easy to get on and off of, the handlebar is well within a casual and comfortable reach up front and best of all your worries and concerns

can easily be kept far behind you.

## Della Cruz 2.0 CRUISER

- Della Cruz Heat-Treated 6061 Aluminum Cruiser Frame
- Shimano Mega Range 7-spd Drivetrain
- Rust-Proof Aluminum Rims
- Stainless Steel Spokes
- Diamondback Springer Cruiser Saddle

- Tektro Linear Brakes
- Diamondback Full Cruiser Fenders
- Cruiser Platform Pedals

**Sizes:** Men's (18"), Women's (16")

## Junior Mountain

The adventurous and aspiring young mountain bikers of today are the Olympic medalists and world record setters of tomorrow. They need bikes that can help them live out their ambitious endeavors. Bikes that will hold up and allow them to make every ride a great experience. Mountain bikes like those that make up our Jr. Mountain

line, like the 24" Octane 24 or 20" Octane 20. Both models are very capable and well outfitted with heat-treated aluminum frames, Shimano drivetrains, adjustable stems and suspension forks.

## Octane 24 JUNIOR MOUNTAIN

- Octane 24 Heat-Treated Aluminum Jr. MTN Frame w/ Replaceable Derailleur Hanger
- SR M2000 Suspension Fork
- Shimano Shifters, Derailleurs & Freewheel

- Aluminum Rims
- Promax Linear Brakes

**Size:** Jr. MTN 24" (wheels)

**Colors:** Backin' Black (B), Pink (G)

Pink (G)

### Youth Sidewalk

It's your choice: you can get your kids off to a healthy start by getting them a trouble-free quality bike that can give them their first taste of freedom, or you can buy one with a price close to free and make riding a source of frustration and another reason to keep the TV on. Diamondback youth bikes are a TV's worst nightmare. They're made

with quality replaceable parts like aluminum rims, heavy-duty steel frames and quality bearings and hardware. Diamondback youth bikes make riding the liberating and healthy activity that it should be – easy on you and fun for them.

### RM 20 YOUTH SIDEWALK

- Heavy Duty Steel Frame / Fork
- Rust Proof Aluminum Rims
- Coaster & Linear Hand Brakes
- Diamondback Pad Set & Moto Fenders

**Size:** 20" Jr. Sidewalk

**Color:** Anno Red (B)

### RM 16 YOUTH SIDEWALK

## Bicycle Limited Warranty

DIAMONDBACK bicycles are distributed by Raleigh America, Inc.

It is the owner's responsibility to thoroughly read and understand the owner's manual and regularly examine the product to determine the need for professional, authorized service or replacement. Please consult an authorized Raleigh America, Inc. bicycle dealership with any questions on use and maintenance. Regardless of the length of the warranty, Raleigh America, Inc. does not infer that the bicycle will last forever or cannot be broken. All Raleigh/ Diamondback framesets and bicycles have a finite, limited useful product

life cycle. The length of this useful life cycle will vary by environment, riding conditions, frame material and construction, riding style, maintenance, and the amount as well as type of use the bicycle or frame is subjected to. A worn out bicycle does not indicate it is warrantable, rather that the bicycle has outlived (exceeded) its useful product cycle.

**Raleigh America, Inc. warrants this new Raleigh America, Inc. bicycle frame against defects in material and workmanship, subject to the following limitations, terms, and conditions:**

Item	Warranty Term Length
Steel bicycle frames with wheel size less than 20"	Lifetime, for as long as the original retail purchaser owns the bicycle*
Steel bicycle frames with 20", 24", 26", or 700c wheels	Lifetime, for as long as the original retail purchaser owns the bicycle*
Alloy bicycle frames with 20", 24", 26", or 700c wheels	Lifetime, for as long as the original retail purchaser owns the bicycle*
Full Carbon Fiber or Carbon fiber/alloy bicycle frames with 20", 24", 26", or 700c wheels	Lifetime, for as long as the original retail purchaser owns the bicycle*
Full Suspension bicycle frames	Five years from the date of original retail purchase to the original purchaser*
Forks, Non-branded	Five years from the date of original retail purchase
Forks, Branded	Covered under the fork manufacturer's warranty. Consult dealer for details.
Components, Non-branded	One year from the date of original retail purchase
Components, Branded	Covered under the component manufacturer's warranty. Consult dealer for details.
Finish and decals	One year from the date of original retail purchase
Suspension parts including but not limited to bushings, pivot bearing, link plates, bolts, fasteners, chain stays, seat stays, and shock units	One year from the date of original retail purchase under the condition that the bicycle is regularly maintained as well as operated under normal riding conditions
Labor, frame replacement	One year from the date of original retail purchase
Labor, parts replacement	Thirty days from the date of original retail purchase

1. This warranty only applies to the original retail purchaser and is not transferable.
2. Specific model exceptions to this warranty are noted with the bicycle documentation.
3. Raleigh America, Inc.'s sole obligation during the acceptable duration of this warranty is, AT RALEIGH AMERICA, INC.'S OPTION, to repair or replace the product with a current item that is equivalent in construction, design, or value.
4. Raleigh America, Inc.'s liability under this limited warranty shall never exceed the amount of the original purchase.

#### To obtain service under this warranty, you must:

1. Return your fully assembled Raleigh America, Inc. bicycle to an authorized Raleigh America, Inc. bicycle dealer within the United States of America. A bicycle that has had the components removed cannot be evaluated or warranted.
2. Provide proof of purchase, including but not limited to the retail bill of sale, your credit or debit card receipt, or other satisfactory proof of the date of purchase.
3. The proof of purchase must indicate the bicycle was sold fully assembled and adjusted by an authorized Raleigh America, Inc. dealer within the United States of America. Sales where the bicycle was delivered in a carton to the end user (e.g. mail order or Internet sales) void the warranty.

#### This warranty does not apply to damage or failure due to:

1. Accidents, alteration, abuse, neglect.
2. Materials fatigue, normal wear and tear.
3. Improper assembly, maintenance, or installation of parts or accessories not originally intended to be compatible with the bicycle as sold, including but not limited to power assist accessories, forks, brakes, or tires different from original specification.

#### This warranty also excludes:

1. Commercial use, racing or competition, stunting, jumping, trick riding, ramp riding, aggressive riding, riding with excessive loads, lack of technical skill, competence, or experience of the user.
2. Bicycle frames, which have been repaired (e.g. welded or bonded), repainted, or had the original decals removed.
3. Frames, forks, wheels, axles, handlebars, and stems, which are bent from just riding along, can be a sign of misuse or abuse and are not covered under this warranty.
4. Personal transportation costs or product freight costs to or from an authorized Raleigh America, Inc. bicycle dealer.
5. Any additional costs associated with the incompatibility of existing parts and the replacement frame or fork.

Warranty replacement frames must be fully assembled by an authorized dealer to maintain the warranty coverage. The warranty for the replacement frame shall be the warranty offered for the equivalent bicycle's frame of that model year. If not assembled by the dealer, replacement frames are considered aftermarket frames. After market frames are only warranted for one year from the date of purchase for the original purchaser. This one year warranty excludes any issues that can be traced to assembly or component incompatibility.

This warranty is expressly in lieu of all other warranties, and any implied warranties of merchantability or fitness for a particular purpose created hereby, are limited to the same duration as the express warranty herein. Raleigh America, Inc. shall not be liable for any incidental or consequential damages. Some states do not allow the exclusion or limitations of implied warranties, incidental or consequential, so the above limitations and exclusions may not apply to you. Retailers and wholesale outlets for Raleigh America, Inc. products are not authorized to modify this warranty in any way. This warranty gives the original owner specific legal rights. Other additional rights may vary from state to state.

All Diamondback bicycles meet or exceed CPSC standards. Complete equipment is included with each Diamondback bicycle but not necessarily shown in photographs, e.g. reflectors. All Diamondback bicycles are covered under warranty. See your authorized Diamondback dealer for complete details. Diamondback specifications are subject to change without prior notice. Diamondback is a registered trademark of the Raleigh America, Inc. © 2005, Diamondback Bicycles. All rights reserved.

**WARNING: All riders depicted in this catalog are professionals. Do not attempt to duplicate any actions that are beyond your abilities. ALWAYS WEAR A HELMET!**
